

# Carrillo Elementary Peace Patrol Program

- **We define “Peace” as: The desire to help our community in a positive way.**
- **Peace Patrol is a program for fourth and fifth grade students. The program is designed to promote peace and community service. Through the “Tree of Service” the program supports and teaches life-long skills such as: Work ethic, problem-solving, responsibility, teamwork, communication etc...**

- The program incorporates two key programs: Steps to Respect and Responsibility Skills as well as our “mission statement and pledge”. As a result of the many services provided, students learn about intrinsic value, develop new friendships, build self-esteem, raise awareness, improve grades, and feel connected
