**** TK students needing KOC care to make a full day of coverage will be placed into PM TK by their school site. Therefore, TK KOC care would be offered during the morning hours (hence the name "Morning TK Care"). KOC will offer Morning TK Care (8:30-12:00) at Carrillo, Discovery, Paloma, Richland and San Elijo schools for the 2022-23 school year.**

Green highlights mean that we have officially reached our minimum enrollment required to offer Morning TK Care and that we will be providing this care option for the 2022-23 school year. We will provide the school sites with the names of the students enrolled in KOC care and the school will place these students into PM TK automatically. We still have space available at these 5 sites for additional families needing this shift of care.
